

Ativiti, alpha wireframe

by Nicholas Frota
July 2008

Right:
Ativity logo, general links

Top Left:
Idea paragraph

Bottom Left:
Join form (modal)

The wireframe illustrates the Ativiti Visitor Page with four distinct states, each featuring the Ativiti logo and 'About Us Blog' link on the left, and a search bar on the right.

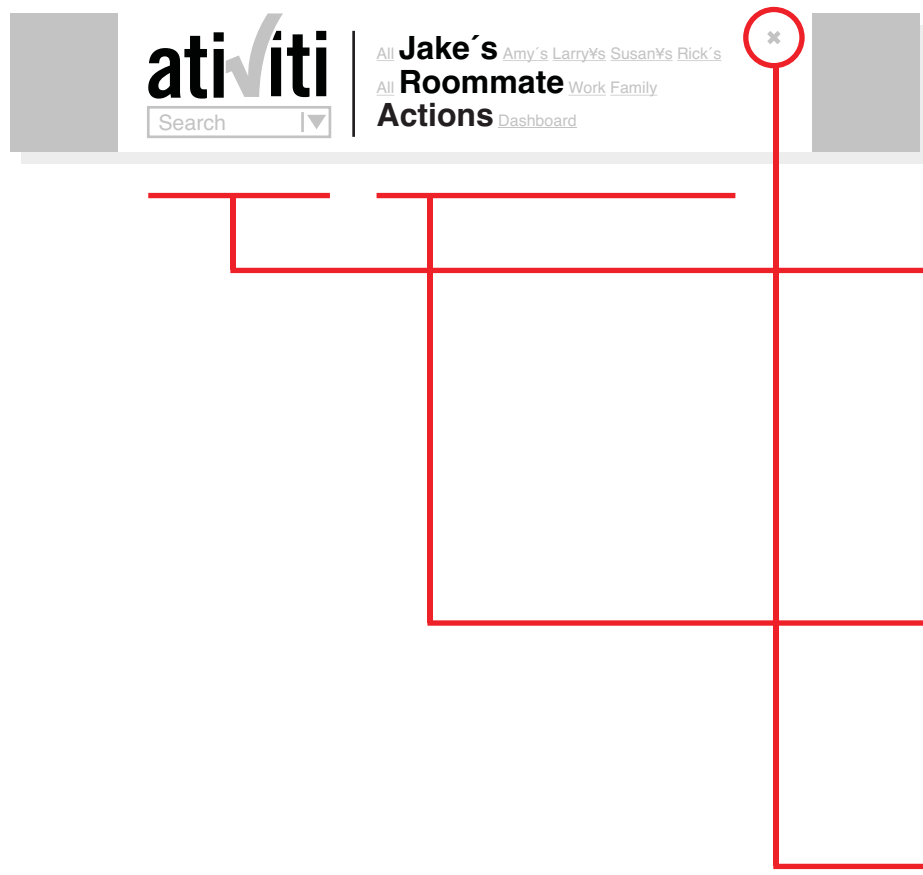

- Registration State:** Includes an 'Email' field with 'test@test.com', a 'Name' field with 'First, Last', and a 'Join' button.
- Email Verification State:** Includes an 'Email' field with 'test@test.com' and an 'Email link' button.
- Password Reset State:** Includes an 'Email' field with 'test@test.com', a 'Password' field, an 'Email code' button, and a 'Join' button.
- User Dashboard State:** Includes a search bar, a navigation menu with links for 'All Jake's Roommate Actions', 'Amy's Work', 'Larry's Family', 'Susan's', and 'Rick's', and a 'Dashboard' link. Below the menu is a warning icon and a message: 'Mus. Donec quam felis, ultricies nec, pellentesque eu, pretium quis, sem. Nulla. Resend email link Use another email'.

Email not in the database,
New user.

Email in the database,

email warning.

Left:

**Activity logo, and Search field
(defaults to *uncompleted actions*, *all actions* - completed and uncompleted below)**

Right:

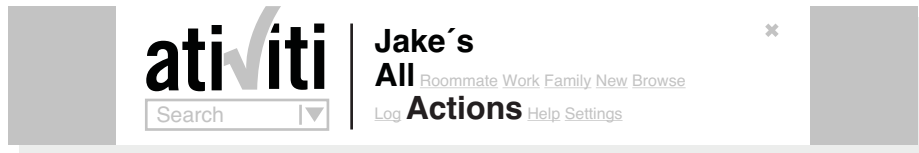

1st line, *members*

2nd line, *projects*

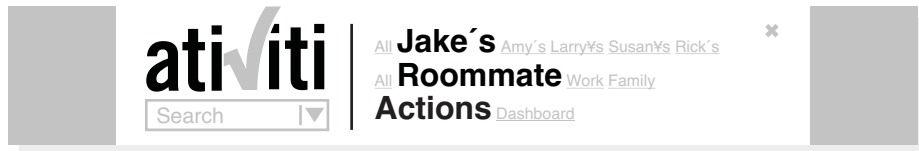

3rd line, *menu*

Top-right:

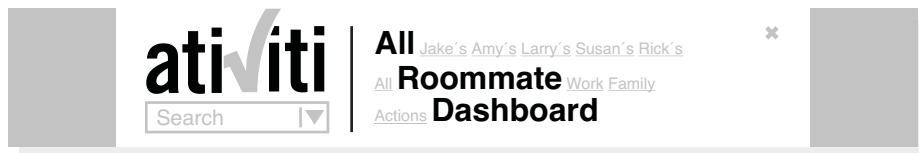

***Logout* icon**

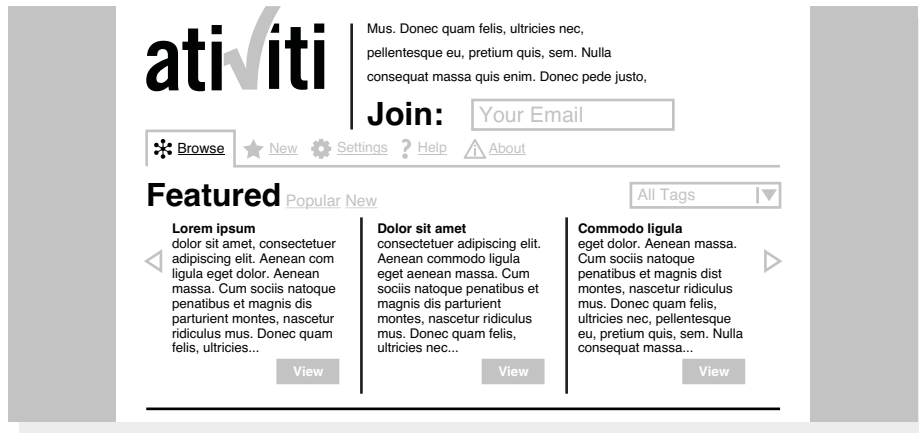

1st page defaults to *User, All, Actions*. user list disabled

Project page enables user list, defaults to *User, Actions*

Log page defaults to *All* users.

Header

Browse main criteria open,
random tags each reload.

The wireframe shows a web interface for creating a new project. At the top is a navigation bar with links: 'Browse' (with a star icon), 'New' (with a star icon and highlighted), 'Settings' (with a gear icon), 'Help' (with a question mark icon), and 'About' (with a triangle icon). Below the navigation bar, the form is divided into three main sections: 'Project Title' with a text input field, 'Tags' with an 'Add tag' button, and 'Project Goals' with a large text area. A 'Create' button is located at the bottom right of the form. The entire form is flanked by two vertical grey bars, suggesting a sidebar or a container.

***Title, Goals and Tags fields.
After **Create**, it goes to **Actions**
page with 5 blank **New Actions**.***

if a specific project is selected, also project settings.

Each tutorial is a silent video slideshow, autoplay, loop, mimicking the user behavior with text explanations.

About us paragraph, with intentions for Ativiti.

The screenshot shows the Ativiti alpha wireframe interface. At the top is a header with the Ativiti logo, a search bar, and a navigation menu with links for 'All', 'Roommate', 'Work', 'Family', and 'Actions'. Below the header is a 'Dashboard' section with a 'Browse' button and a 'New' button. The main content area is divided into three sections: 'Today' (Thursday, July 15th, 2008), 'Yesterday' (Wednesday, July 14th, 2008), and '2 days ago' (Tuesday, July 13th, 2008). Each section contains a list of actions with timestamps and descriptions. A '3 days ago' section (Monday, July 12th, 2008) is partially visible at the bottom. A 'Previous logs' link is located at the bottom of the page.

Once date is selected, defaults to day after, title in high contrast and disabled *up* and *down* buttons.

The wireframe shows a form titled 'First Action' with a tabbed interface. The 'Time' tab is selected. Below the tabs, there are radio buttons for 'None', 'Alarm', and 'Repeat'. The 'Alarm' radio button is selected. To the right of the radio buttons is a calendar for July 2008, with the 26th selected. Below the calendar are time selection fields: '9', ':00', and 'AM'. At the bottom, there is a 'Notify me' section with a dropdown set to '15', the unit 'minutes', and the word 'before'.

***Alarm* sub-criteria selected, defaults to 15 minutes.**

This wireframe is identical to the one above, but with the 'Repeat' radio button also selected. Additionally, there is a 'Repeat every' section at the bottom with a dropdown set to '1' and the unit 'months'.

***Alarm* and *Repeat* sub-criteria selected, *Repeat* defaults to every 1 month.**

A wireframe of a web form titled "First Action". At the top is a large text input field containing the text "First Action". Below this is a horizontal bar with several icons: a person icon labeled "People", a clock icon labeled "Time", a warning triangle icon labeled "Info", a document icon labeled "Document", and a speech bubble icon labeled "Talk". To the right of these icons are three small icons: a downward arrow, an upward arrow, and a plus sign. Below the horizontal bar, the form is divided into two columns. The left column is titled "Goals & Info" and contains a large, empty rectangular text area. The right column is titled "Tags" and contains a single text input field with the placeholder text "Add tag".

Blank fields

A wireframe of a web form titled "First Action", similar to the one above but with populated content. The top text input field now contains the text "First Action". The horizontal bar with icons remains the same. Below the horizontal bar, the form is divided into two columns. The left column is titled "Goals & Info" and contains a large text area with the placeholder text "Lorem Ipsum Dolor". The right column is titled "Tags" and contains a list of three tags: "Review", "Groceries", and "Family", each preceded by a small tag icon and followed by a small "x" icon to indicate it can be removed. Below the list of tags is a text input field with the placeholder text "Add tag". At the bottom of the form, there is a section titled "Move to..." which contains a dropdown menu with the text "Roommate" and a downward arrow icon.

Populated fields

Ativiti, alpha wireframe

Action Page, *Document* criteria

A wireframe of a document action page. At the top is a search bar labeled "First Action" with a magnifying glass icon. Below it is a horizontal menu with icons for People, Time, Info, Document, and Talk. The main content area is divided into two sections: "Add File" with a "Browse" button and "Tags" with an "Add tag" button. At the bottom are "Browse" and "Upload" buttons.

Blank fields

A wireframe of a document action page with populated fields. It features a search bar labeled "First Action" and a horizontal menu with icons for People, Time, Info, Document, and Talk. The main content area is divided into three sections: "Marketing Review, PDF" (30 pages, 135 KB) with "Update" and "Download" buttons; "July Sales 2008, Excel" (15 pages, 142 KB) with "Update" and "Download" buttons; and "Add File" with a "Browse" button. Each section has a "Tags" section with a list of tags and an "Add tag" button. The tags for "Marketing Review, PDF" are "Marketing" and "Review". The tags for "July Sales 2008, Excel" are "Sales", "Numbers", and "2008".
